## Real Estate for Bale.

FARM LANDS for SALE.—The ILLINOIS CENTRAL RAILROAD COMPANY is new propured to TWO MILLION OF ACRES

FARMING LANDS.

In Tracts of FORTY ACRES AND OWARD.

LONG CREDITS

LONG And at

LOW RATES Of INTEREST.

LOW RATES OF I

made for breaking ready for Corn or Wanes, at from \$v\$ to \$2.50 per scree. By judicious managument the land may be plowed and femeothe first, and under a high state of cultivation breases control was.

Corn, Grain, Cattle, &c., will be forwarded at reasonable rates to Chicago for the Eastern market and to Cairo for the Routern. The larger yield on the chesp lands of firmois over the high-priced land in the Kastern and Middle States is known to be much more than sufficient to pay the difference of transportation to the Eastern market.

Biruminous Coal is mixed at several points along the Road, and is a cheap and desirable fuel. It can be delivered at several points along the Road at \$1.50 to \$4 per tim. Wood can be used at the same rates per cord.

Those who think of settling in lows or Minnesota, should bear in mind that lands there of any value, along the water-coursed and for many miles biland, have been disposed of; that for these coated in the interior there are no conveniences for transporting the product to market, railroads not having been introduced there; that to send the produce of these lands one or two huntrad miles by wagon to market would cost much more than the supense of curityating them, and house floverment lands thus it said of this Company at the prices fixed.

The same remarks boid good in relation to the lands in Kansa and Nebraska, for although vacant lands may be found nearer the water courses, the distance to market is far greater, and every nundred miles the produce of these lands is carried either in wagons, or interrupted water communications, mereases the expenses of transportation, which must be borne by the setti ors, at the reduced prices of their products; and to that extent prediely are the incomes from their farms, and of course on their westments, annually and every your reduced.

The great fertility of the lands now oftend for sale by this found, and other with which it consects, the operations of which are not interrupted by the low water of Summer or the frost of Wirter.

date of the contract.

INTEREST WILL BE CHARGED AT ONLY THREE PER CENT PER ANNOM.

As a security to the performance of the contract, the first two years' interest must be paid to advance, and it must be understood that at least one-tent bof the land purchased shall yearly be brought under cultivation. Longer crodits, at six per cent per annum, may be negotiated by special application. Twenty per cent from the credit price will be deducted for cash. Company's construction bonds will be received as cash. The Company's construction bonds will be received as cash. The days, can be obtained from respocial persons.

They will be 12 feet by 20 feet, divided into one living and three bedrooms, and will cost complete, set up on ground choses any where along the road, #150 in cash, exclusive of transportation. Larger buildings may be contracted for at proportionate rates. The Company will forward all the materials for such buildings over their road promptly.

Special arrangements with dealers can be made to supply those purchasing the Company's lands with fencing materials, agricultural tools, and outfit of provisions in any quantity, at the lowest wholesale prices.

It is believed that the price, long credit, and low rate of interest charged for these lands, will enable a man with a few hundred dollars in cash and ordinary industry to make himself independent before all the purchase money becomes due. In the mean time, the rapid settlement of the country will probably have hereased their value four or five fold. When required, as experienced person will accompany applicants to give Information and add in selecting lands.

Circulars, containing numerous instances of successful farming signed by respectable and well-known farmers living in the neighborhood of the Rallroad lands throughout the State—also, the cost of fencing, price of cattle, expense of harvesting, thrashing, etc., by contract—or any other information—will be elected fencing rapid contract—or any other information—will be elected for new of the finite pers

FOR SALE or EXCHANGE for NEW-YORK or BROOKLYN PROPERTY-A FARM of ninety-two acres of good arable Land at Mount Pleasant, three miles from Tarrytown; a lage HOUSE and BARN, newly built, and a large VEGETABLE GARDEN. FOR SALE.—450,000 FIRST MORTGAGE
FIGHT PER CENT CONVERTIBLE SINKING
FUND BONDS of the DUBC QUE and PACIFIC RALIROAD
COMPANY.

The Read is situated in the State of fows, and extends from
Dubuque tibe weatern termination of the Galena and Chicage Railroad on the Missfestput river) in a doe west course through
Independence, Cedar Kalls and Forte Dodge, to the Misscuri
river at the mouth of Big Sioux river.

These Bonds are issued upon a basis of more than \$1,200,000
are dated April let. 1856, are payable in 20 years; their interest
courses are payable send annually, in April and October; and
they are secured by a deed of trust of the Road, equipment,
stock and frauchus of the first division of the line.

The Cantinod Company is the recipient of 1,23,000 across of
lands of the meet preductive and inviting character.

The convertible privilege is therefore of great value, and the secons billity of the Company is unqueriously.

We recommend these Bonds to our friends as a first class se-

TEAZLES—Best French, assorted, just re-ceived and for sale by HABICHT & PARISH, No. 80 Beaver st.

## Coal. &c.

OFFICE OF THE CHIRIQUI IMPROVEMENT CO. 
No. 16 WALL-ST., AUGUST 29, 1856.

COAL—TO STEAMSHIP COMPANIES.—
THE CHIRIQUI IMPROVEMENT COMPANY are now prepared to receive proposals for the purchase of Coal in any quantity at their Depot on Chiriqui Lagnon. The Coal will be kept constantly on hand, and will be sold at several dollars per tun less than it can be delivered for at Jamaica, Aspinwall, or San Juan on Nicaisasus.

The quality of the Coal is superior for steam purposes to that of the best Liverpool, and the Depot is equi-distant, on the Carribean Sea from San Juan and Aspinwall.

The harbor of Becas del Toro is one of the finest in the world, and easily accessible to vessels of the largest draught. Minute chairs of this harbor, made by order of the English Admiralty, can be examined at the Company's office, where also can be seen specimens of the Coal, with the sandysis of Frof. Chilton.

By order of the Board of Directors.

OFFICE OF THE DELAWARE. LACKAWASNA AND WESTERS. RAILEOAD CO., 51 Wall-st. New York, Aug. 22, 1856. SCRANTON COAL.—We are now receiving the Coal quite freely, and offer it for sale on the usual terms, delivered on board vessels at Eleabethport, N. J. (only 12 miles from New-York), at the following prices per ton of coar by

Preights to New York, Brooklyn, Jersey City, &c., in the barges of the company, 37 cents per ton.

WM. E. WARREN, Treasurer.

# Ocean Steamers, &c.

BLUISH TINT of the GUMS.—Yellow fever has

DLUISH TINT of the GUMS.—Yellow fever has the univaling warring symptom. Three or four days previous to the attack, there is always observed a bluish unt of the gums. This is the universal premotitory sign of this disease. It is the excess of carbon in the blood which gives this the, and indicates the recessity of several doses of Brandauri's VEGETABLE UNIVERSAL PILLS; take at once six or eight, and in twelve or twenty-four hours repeat the dose. This will in a great majority of cases prevent an attack further; but even if the fever should go on, your life will be saved by taking time by the forelock.

When this bluish tint is not present, and you have 'assitude, wearinese, chilly fits, and listlessness of everything around, is inthese, giddiness, flashing of the face, reduces of the eyes, pams in the eyeballs and lower part of the forehead, when, with these, you have tain in the back, debility, and signing, there must be no time loss. If these be not the symptoms of yellow fever, they nevertheless admontain us that we are about to be signingly sick, and a dose of six or eight Brandaurin's Pills cannot be too soon swallowed. Two or three such doses and plenty of Incian meal grued for a day or two, will entirely cure. The evacuation's will prove the propriety of this course, In all cases the Brandaurin's Pills parify and invigorate the blood, san abound be always resorted to by those of a costive habit.

YELLOW FEVER CURED.—A gentleman, with whom I
